New Marketplace look

- Marketplace redesigned
- New search algorithm
- Favorites
- Sort by alphabet order

The screenshot displays the OPEN Compute Project Marketplace homepage. At the top, the OPEN logo is accompanied by a navigation menu with links: About, Marketplace, Contributions, Projects, Events, SP/Reseller, Membership, and News. The main heading 'Marketplace' is followed by a welcome message and links explaining OCP-Accepted and OCP-Inspired products. A search bar is prominently featured with a 'New search algorithm' callout pointing to it. Below the search bar, there are filters for Status (OCP Accepted, OCP Inspired) and Category (Network, Server). A 'Save desired results' callout points to the 'Favorites' link in the results section. The main product listing shows the 'Hyve Ambient 1U Server' with a description, solution provider information, and a product image. The interface also includes an 'Order' button and a 'Sort by' dropdown menu.

Marketplace

Welcome to the OCP Marketplace, where you can research and find out how to purchase OCP-Accepted™ and OCP-Inspired™ products.

What does it mean for a product to be OCP-Accepted™ or OCP-Inspired™?
How can I become an OCP Solution Provider and feature my products here?

OPEN ACCEPTED™ **OPEN INSPIRED™**
